

Oak Brook School
family owned since 2001

Are you exploring options for your child's **ISD Online Education** for the **2020-2021** school year?

Choose Fort-Tech Kids at OBS!

If you are feeling nervous about finding balance between your full time profession and managing your child's virtual in home learning... Let OBS help you!

OBS ONLINE ELEMENTARY:

Students must be enrolled with your local ISD

Staffed with an OBS teacher who will help guide your child and oversee their virtual learning experience

Gives parents the opportunity to focus on work while ensuring your child's school work is being monitored in a 'classroom' environment

A smaller group size with less foot traffic in an environment exceeding current regulations and safety protocols

Students will be able to participate in Physical Education and outdoor recess to allow breaks from screen time

Social and emotional support

Allows socialization in a minimally exposed environment

Freshly prepared meals made on site

The Fort-Tech Kids program at Oak Brook School supports ISD Online Curriculum with hands on teachers delivered through digital technology via personal laptops. Your child will have the opportunity to bond with a classroom teacher and peers while still receiving their ISD education. Parents will have the peace of mind needed to focus on a balanced work and home life!
